

KENNETH BERMUDEZ, M.D.

ANY SUCCESSFUL AESTHETIC SURGERY IS A BLEND OF SCIENCE AND ART.

Dr. Kenneth Bermudez, a highly experienced board-certified plastic and reconstructive surgeon, works to not just meet but exceed patients' goals. His exceptional skill in an array of procedures, including body contouring and face-lift, let him deliver the best state-of-the-art care available. Trust, compassion and communication are key to the process, and this doctor truly listens, advising honestly on which treatments fit your needs. Always the aim is a balanced result that reduces signs of age and accentuates natural beauty to help people look and feel their best. He provides personalized care and is there with you every step, from first consultation to recovery, supported by a knowledgeable, friendly staff.

A Bay Area physician since 1992, Dr. Bermudez did his medical studies and surgical residencies at UCSF. He sees patients in an ideally located office and surgery center and has hospital privileges with California Pacific and Catholic Healthcare West.
